To customers and business partners of  
STOCKO CONTACT GmbH & Co. KG

Topic ▶ **Corona Information**

Date ▶ **25. March 2020**

Dear Sir or Madam,

Concerning the worldwide epidemic escalation of Covid-19 virus (Corona virus), we would like to inform you about the current situation at STOCKO:

From today's point of view, production and deliveries are safe.

Nevertheless, due to the widening of risk areas (e.g. Northern Italy or France in the region of Alsace) a limitation or negative impact cannot be excluded.

Possible changes of the situation are reassessed by our teams to identify negative effects in the supply chain and to keep potential risks for our customers and business partners as low as possible.

In case of specific questions, please contact directly your STOCKO Key Account.

With kind regards

STOCKO Contact GmbH & Co. KG
